The Fujitsu fi-4120C and fi-4220C make the most of your scanning budget.

The combination of speed, versatility and reliability make the Fujitsu fi-4120C and fi-4220C ideal for workgroups that need to scan a variety of documents. Both feature true, optical resolutions of 600 dpi, enabling users to produce high-quality color, grayscale and monochrome scans in a single pass. They also feature 50-page automatic document feeders (ADFs) that accommodate paper sizes ranging from 2.1 in. x 2.9 in. to 8.5 in. x 14 in. and can average 500 pages per day.
