Features

Able to Scan an Incredible 18 Double-Sided Color Pages per Minute! (20% faster than the previous model!)

The ScanSnap™ S500M scanner digitizes both sides of a document in a single pass, in color, and at an impressive speed of up to 18 pages per minute (36 images per minute in duplex).

Compact angular design

With a tiny footprint that takes up less space than a letter sized piece of paper, users will never have to worry about where to place an S500M on a packed desk. Space efficiency and document feeding performance is further enhanced with the addition of a built-in stacker to the scanner's white angular design.

Compact angular design

With a touch of a button the ScanSnap S500M scanner enhances the user experience with a host of automatic features, including:

Auto paper size detection

The S500M's auto-size detection function automatically recognizes the size of every page that it scans for the following paper sizes (A4, B5, A5, B6, A6, Business card, Legal and Letter).

Auto de-skew

The S500M eases scanning tasks by automatically straightening all images and showing them in their proper orientation.

Auto blank page detection

The S500M saves storage space and editing time by automatically deleting blank pages.

Adobe® Acrobat® 7.0 Standard software for Mac® Included

Adobe® Acrobat® 7.0 Standard software is perfect for everything from PDF creation to document storage and viewing.

Intel® Mac® Compatible

The S500M is supported by Mac OS® X v10.4 Tiger™ and Intel® or IBM® PowerPC® based computers
