ScanPartner® 93GX

High-Volume Document Scanner for Workgroups

High reliability, throughput and image quality.

The ScanPartner® 93GX features a high, 27-page-per-minute (ppm) throughput, advanced paper-handling capabilities, and superior quality that satisfies the document management, forms processing and image capture needs of smaller organizations, workgroups and departments. With true, 400-dpi resolution, it easily satisfies optical character recognition (OCR) requirements. And its built-in, 50-page ADF allows volume-scanning of documents ranging from 5.8" x 8.3" to 8.5" x 14". It can also be used as a flatbed scanner for small or irregularly shaped documents.

A complete imaging solution.

The included SCSI cable and controller, TWAIN and ISIS drivers and instructions will help you get your ScanPartner 93GX connected quickly and easily. To streamline workflow and improve productivity, the ScanPartner 93GX comes with convenient inbox applications. The ScandAll 2001 scan utility allows you to batch scan, scan to file and scan to email while the Adobe® Acrobat® 5.0 software enables you to scan directly to PDF.

Advance Exchange maximizes uptime.
